

AUGUST 2022 NASH GOLD (NG) Digital Coin-Token UPDATE:

NHI NASH HOLDINGS INC (NHI), NASH GOLD LLC and **NASH GOLD (NG)** Digital Coins has started the tokenization process of **NG** digital coins on the **Ethereum Test-Net Network**, and so far, we have included the updated standard-based general functions on smart contracts to our **NG** digital coin smart contract, and currently the functions of sending and receiving tokens on **Ethereum** based wallets are now being done.

We are on our way with minting, listing, tokenizing our 4 billion **NASH GOLD (NG)** digital coins-tokens under the **ERC20** standard in the **Ethereum blockchain** that can be listed in every **trusted Ethereum-based** digital wallet that support **ERC20** tokens, as the listed token wallets are below:

***Myether** wallet-software under the web for Ethereum and its related tokens

***Metamask** wallet-software browser extension for Ethereum and its tokens

***Trust** wallet-software mobile for over 1000 coins-tokens listed to date

***Exodus** wallet-software desktop & mobile for over 130 coins-tokens listed to date

***Enjin** wallet-software mobile for over 1000 coins-tokens listed to date

***Atomic** wallet-software desktop & mobile for over 300 coins-tokens listed to date

***Mycellium** wallet-software mobile for Bitcoin & Ethereum and its coins-tokens

***Blockchain.com** wallet-software under the web for Bitcoin, Ethereum, Bitcoin Cash, STELLAR, Pax and Tether coins-tokens

***Ledger Nano** hardware for over 1000 coins-tokens listed to date

***Trezor One** hardware for over 1000 coins-tokens listed to date

We have committed to you, the public and **invite all of you** to become a Managing Member of **NASH GOLD LLC**. To start your process and commit back to **NASH GOLD LLC** and **NASH GOLD** digital coins as the **first group of historical Managing Members, a Once in a Lifetime Opportunity to Co-Own-Member Manage** a digital coin-token like no other yet to be created with future additional cash injections from **NHI** profits from our **U.S. Federal Reserve Board Approved Private Equity Funds** as **U.S. FED REQUIRED** in the **Highest Institutional Grade Fund Sector** in the world. A hybrid asset injection as we will receive as all tokens the assets from **NG** coins bought on world exchanges. We will add a **NASH Rockchain** (our inside blockchain) then our **NA\$HCASH** digital wallet, education portals on **NASH Rockchain** to assist all of you **Managing Members of Nash Gold LLC**.

YES, Real future NASH GOLD Digital Coins-Tokens Value!
